SUBJECT: Consider approval of S'Ville Services LLC
DEPARTMENT: Parks and Leisure Services
STAFF CONTACT: Daron Trussell, Director of Parks and Leisure Services

STAFF RECOMENDATION:

Staff recommend the approval of a contract with S'Ville Services LLC for \$16,942 for the installation of new 400Amp service and 5 RV pedestals for additional power during events at the Birdson Amphitheater.

BACKGROUND:

The City currently lacks a consistent and adequate electrical power source in key event areas used for food trucks, inflatables, entertainment vendors, and other temporary event infrastructure. As a result, the City has historically relied on rented generators during major community events such as Moo-La Fest and the 4th of July celebration. The proposed installation of five (5) new RV electrical pedestals will provide permanent, reliable power access to support existing events and expand the City's ability to host future community gatherings, festivals, and special events more efficiently and cost effectively. This infrastructure improvement is expected to reduce the City's long-term dependence on generators while enhancing event operations and overall visitor experience.

FISCAL IMPACT SUMMARY:

The total estimated cost for this project is \$16,942 and will utilize funds budgeted for parks maintenance. This was not a budgeted expense for this fiscal year but does fit within the budgeted amount for parks maintenance.
